•
Spoštovani poslovni partnerji,

Obveščamo vas, da kljub popolnemu izvajanju ukrepov za preprečevanja širjenja koronavirusa, delo v pristanišču poteka normalno. Prav tako izvajamo vse storitve za potrebe kamionskega in železniškega prevoza. Zaradi močnega vetra in posledično zagotavljanja varnosti ljudi in premoženja, je sicer trenutno moteno delo na depozu s praznimi kontejnerji. Vremenska napoved za Severni Jadran žal napoveduje močno burjo do petka dopoldan. Ažurirano stanje na terminalih lahko spremljate na <https://www.luka-kp.si/slo/stanje-in-delo-na-terminalih>

Dodajamo še informacijo, da železniški tovorni promet čez vse mejne prehode in v Republik Sloveniji poteka nemoteno. Prav tako ni nikakršnih omejitev za tovorni promet na cestnih mejnih prehodih. Kljub temu vam svetujemo, da sledite informacijam o stanju na cestah.

Lep pozdrav,

Luka Koper, d.d.

Dear business partners,

Operations in the Port of Koper continue normally regardless of the measures in force to protect against the spread of the virus. Operations are regular also on all truck and railway transport related services. Strong wind is currently limiting operations just at the depot for empty containers. According to the weather forecast strong wind is expected in the whole North Adriatic area until Friday morning. You can follow the situation on our terminals also on <https://www.luka-kp.si/eng/operations-on-terminals>

In addition, we would like to inform you that rail freight traffic across all border crossings of the Republic of Slovenia is running normally. There are also no restrictions on freight traffic at road border crossings. However, you are advised to keep updated with current traffic information.

Best regards,

Luka Koper, d.d.
