Number of passengers	EUR
Up to 10	20,03
11 to 50	80,12
51 to 200	120,18
For each additional 50 passengers	15,02

**2 The collection of solid waste from a vessel shall be charged for on the basis of volume. Volumes of less than 0.5 m<sup>3</sup> shall not be charged for. Charges shall be according to the actual volume of waste collected, rounded up to the nearest 0.5 m<sup>3</sup>.**

Table 3: Solid waste collection

Type of solid waste	EUR per cubic meter (EUR/m <sup>3</sup> )
Sorted fractions of municipal refuse	20,03
Mixed (unsorted) municipal refuse	50,08
Secondary animal products (category one)	166,92
Other non-hazardous solid waste	70,11

In the event that the density of mixed (unsorted) municipal refuse exceeds 500 kg/m<sup>3</sup>, collection shall be charged for on the basis of weight; the tariff for the collection of mixed (unsorted) municipal refuse is 100 EUR per metric tonne.

**3 The collection of liquid waste from a vessel shall be charged for on the basis of volume; the minimum chargeable quantity is 1 m<sup>3</sup>.**

Table 4: Liquid waste collection

Type of liquid waste	EUR per cubic meter (EUR/m <sup>3</sup> )
Waste water, including transfer of same into the municipal sewage system	45,07
Oil/water mixtures and similar liquid wastes	77,20

**4 The carting of solid and liquid wastes with auxiliary vessel from ship to the port facilities is charged for on the basis of the cost of removal by an auxiliary vessel.**

Table 5: Collection of solid and liquid waste by an auxiliary vessel

Service	
Use of auxiliary vessel for the removal of solid waste from a vessel at anchor	40,06 EUR
Per hour (or part thereof) charge for the removal of oil/water mixtures and similar liquid wastes from a vessel by an auxiliary vessel	751,31 EUR

In the event that solid waste is collected from a vessel at anchor by a vessel removing oil/water or other liquid wastes, such removal of solid waste shall not be charged for.

**5 Tariff supplement for the collection and carting of waste from a vessel by an auxiliary vessel.**

Table 6: Services outside of regular working hours

Tariff supplement for non-regular working hours – Applicable to Tables 3, 4 and 5:	Percentage supplement	Time period
	+ 50%	Working days from 5 p.m. to 8 a.m.
	+ 70%	Sundays and Bank Holidays from 8 a.m. to 5 p.m.
	+ 100%	Sundays and Bank Holidays before 8 a.m. and after 5 p.m.
	+ 100%	Saturdays from 5 p.m. to 8 a.m.

- 6 The above charges do not include charges arising from the processing and removal of mixed or hazardous wastes. Such shall be charged for on the basis of the actual cost of their removal, management and disposal.**

**This Tariff comes becomes effective as of 18<sup>th</sup> February 2006.**

**Payment is due 20 days of service provision. For payments after this period statutory delay interests will be charged.**

**As to the performance of mandatory utility services for waste collection from vessels in the Port of Koper area, the following conditions should be observed:**

**Connecting a pipeline (or other tubing) from the collector to a flange on board the vessel shall be the obligation of the vessel's crew. Any such flange must comply with international maritime standards (in the event of a non-compliance the client is obliged to provide a standards-compliant alternative). The vessel must be equipped with a functional pump capable of transferring waste liquids from any storage tank to the collection truck ashore.**

**The vessel's agent is obliged to inform the master that a representative or crewmember should oversee the pumping of waste, as well as ensure that a pumping operation is immediately halted in the event of any danger or spillage.**

**Any service that is not included in this Tariff is encompassed by the Tariff on General Provisions For Handling, Warehousing and Additional Services of Luka Koper d.d.**
