The screenshot displays the myZIM ZIMonitor interface for active shipments. The left sidebar contains navigation links: Dashboard, Export, B/L Copy, Import, Invoices, ZIMonitor, Notifications, E-Booking and E-SI, Administration, ZIM.com, News, and Local Documentation. The main content area shows a summary of 205 active shipments and 11 power-off containers. Below this are search filters for B/L No. and Container No., a 'Clear All' button, and a 'Search' button. A table lists shipment details with columns for Container No., B/L No., Power, Set Point, Supply, Return, Last Update, and Trip Status. A 'Live Chat' button is on the right. Numbered callouts (1-7) point to specific features: 1. Active Shipments (Incl. Previous shipments), 2. Current Power off Containers, 3. Trip Report (PDF Format), 4. User Account (CP - Contract Party), 5. Shipment detailed Screen, 6. Searching by BL (Incl. Previous tracked shipments), and 7. Searching by Container (Incl. Previous tracked Containers).
