INSPECTION AND CUSTOMS CLEARANCE

LUKA KOPER
Port of Koper

Port of Koper is a Border Control Point and acts as the First Point of Entry of goods to the EU for either import or transit procedures.

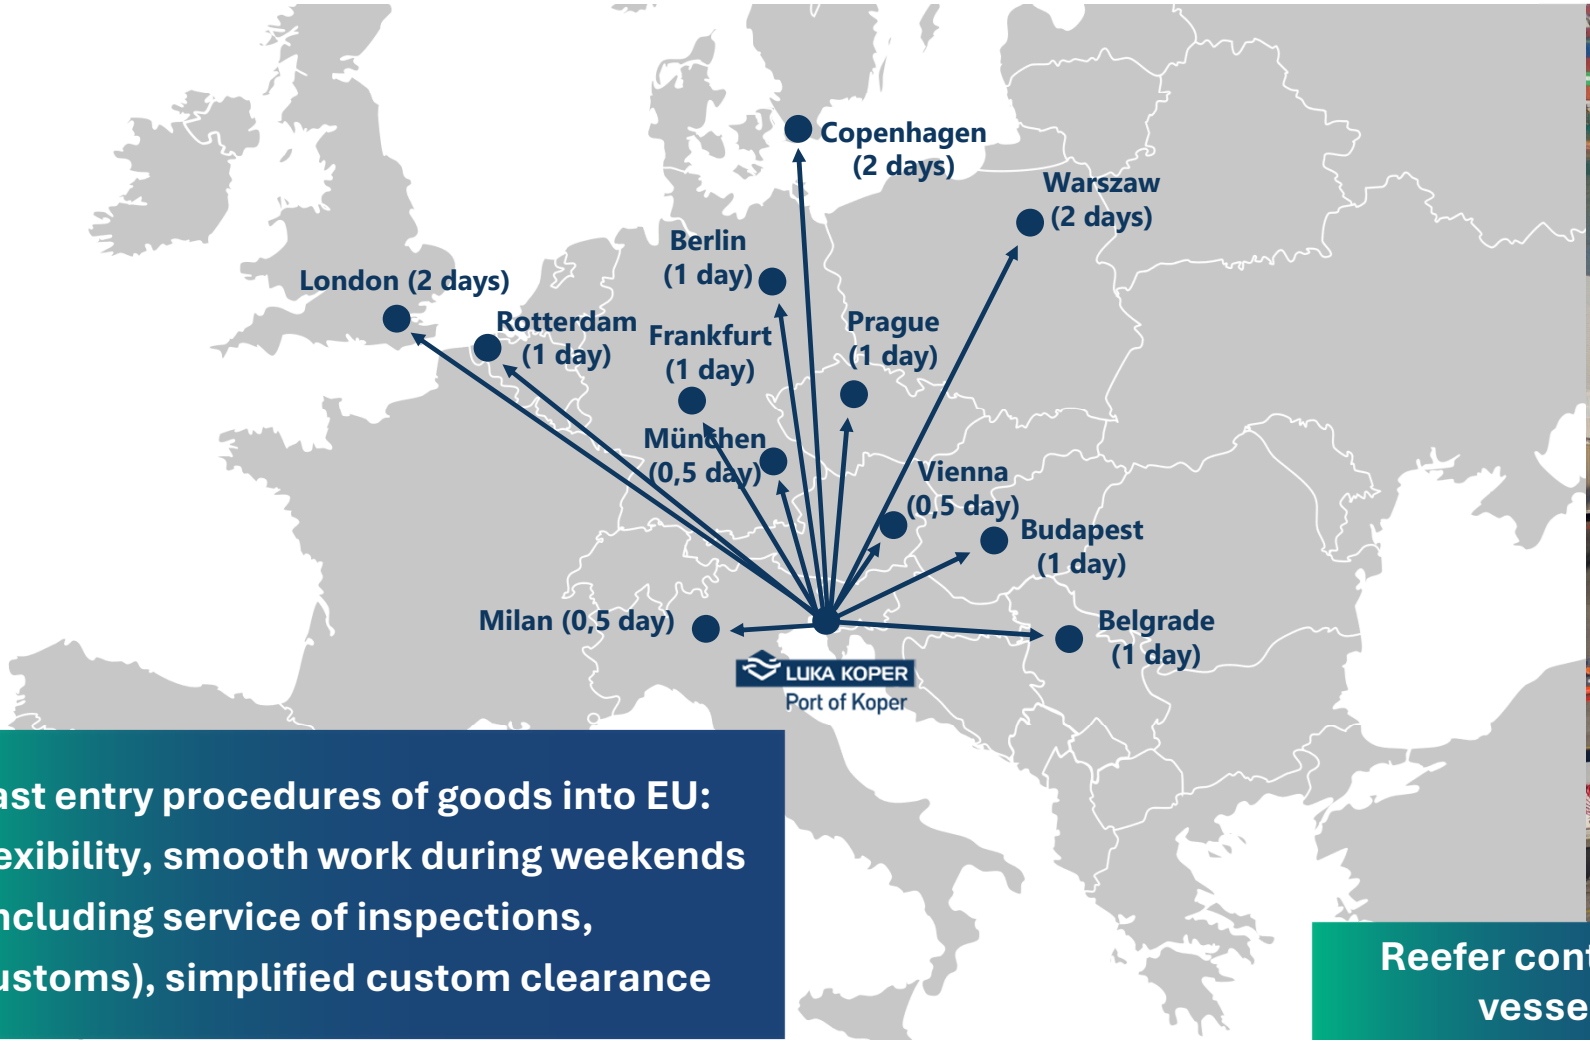

The truck with customs cleared goods can depart already in some hours after unloading of the containers… – depending on requested import procedures for each type of goods & position of the reefer container on the vessel.

KOPER AS EU FRESH PRODUCE DISTRIBUTION CENTER

LUKA KOPER
Port of Koper

Fast entry procedures of goods into EU: flexibility, smooth work during weekends (including service of inspections, customs), simplified custom clearance

Reefer container delivery directly from vessel to the reefer terminal
